

Generating a Certified EHR Technology (CEHRT) ID number through the Certified Health IT Product List (CHPL) site

There is a new (released July 1, 2016) version of the Certified Health IT Product List website that supports creation and validation of all certified vendor EHR products. This document will detail the updated workflow to generate a CEHRT ID number.

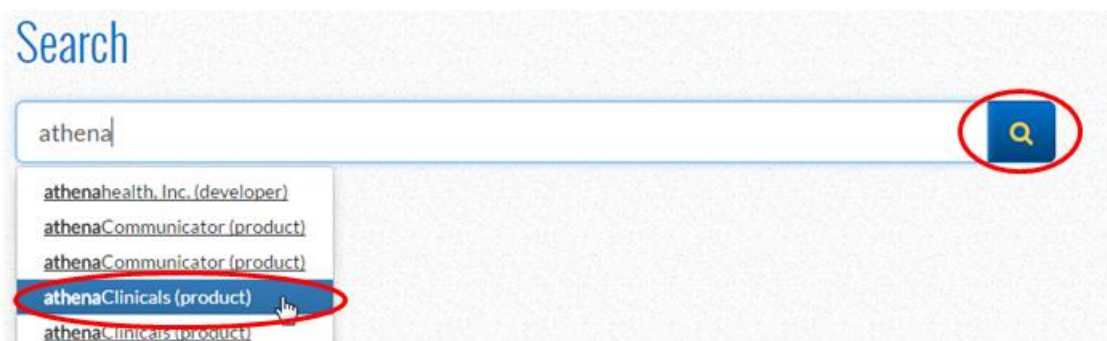

Please note: all CEHRT ID numbers and CHPL numbers have been updated for program year 2016

How to Create a CMS EHR Certification ID

1. Navigate to the ONC CHPL homepage – <http://chpl.healthit.gov>

STEP 1: PRODUCT SEARCH: To search for your CEHRT product type a keyword such as a developer name (vendor) or product name into the main search area. As you begin typing a drop box appears with results that match the information you've typed. In the example below we see that there are two developers and four products to choose from. **Select one** listing to base your search on. We've selected the product – athenaClinicals; then click the looking glass or press enter to search.

Below are the results that came up for this search.

Search

athenaClinicals

Showing up to 50 results per page

Product Name	Developer	Edition	Version	Details	+ Compare	+ Cert ID
athenaClinicals	athenahealth, Inc	2014	15.3	Details	+ Compare	+ Cert ID
athenaClinicals	athenahealth, Inc	2014	15.1	Details	+ Compare	+ Cert ID
athenaClinicals	athenahealth, Inc	2014	14.9	Details	+ Compare	+ Cert ID
athenaClinicals	athenahealth, Inc	2014	14.5	Details	+ Compare	+ Cert ID

CMS EHR Certification ID

Compare products (minimum 2)

Compare

Previous 0 products compared

Previous 6 products viewed

This search brought up 38 products. We are showing the first four.

The search results lists:

1. Product Name
2. Developer (Vendor)
3. Edition (year of Certification)
4. Version

Then there are 3 buttons for actions you can take:

1. Details – click for details for the listed product.
2. +Compare - select to compare 2 or more products
3. +CertID – select to get the Certification ID number

STEP 2: REVIEW PRODUCTS AND PROGRESS

Details:

- Find the version of your product; click the Details button for more information.
- The detail screen has all the information pertaining to the version of that product.
- You can see at a glance a summary of this product's information listed on the left side of the page:
 - Product Name; CHPL Product Number (all new in this version of the CHPL site); Developer (vendor); Version; Certification Edition; Certification Status; Practice Type; Classification Type; ONC-Authorized Certification Body; Additional Software (available or required); Transparency Attestation; Mandatory Disclosures URL
 - Certification Criteria – 44 met; CQMs – 64 met; Additional Information; Non-conformities – 0 found

You can expand the items on the right for more information regarding this product but it is not required to generate the CEHRT ID number.

- Verify that this is the correct product.
- Return to your search results to generate the CEHRT ID number, or to review a different version or product if you have not found the correct listing.

****Important note**:** To navigate back to the search results, click on the “return to search results” in the upper right hand corner of page rather than using your browser back button if you want to return to the previous search results.
